

To the extent permitted by applicable law, I hereby consent to a search of all records and information available at the time the search is conducted, including non-conviction information, charges before the courts, findings of guilt or convictions and court orders registered in my name in the National Repository of Criminal Records, the Canadian Police Information Centre (“CPIC”) database and local records available to the police service for the purposes of delivering a background screening report in relation to my signing up to use Uber’s software platform as a driver, delivery person, and/or shopper. The query may also include a search of court records and a query of records management systems in other police agencies' jurisdictions through the Police Information Portal (PIP) or other data sharing systems.

I understand that this criminal record check is based on my identity verification including, but not limited to the name(s), date of birth and where used, the declared criminal record history provided by myself.

I acknowledge that for the completion of the criminal record check, reported criminal records may require me to provide fingerprints.

I acknowledge and agree that Uber may collect, use and disclose the information collected for the purposes of evaluating whether I meet the applicable safety requirements to provide services using Uber’s platform.

I acknowledge that I have read and understood Certn’s [Privacy Policy](#) and hereby confirm that my consent is fully informed and freely given and I am aware that I can withdraw it at any time.

You may request more information about the nature and scope of any criminal record checks to be conducted by contacting Certn’s Privacy Officer at 1-844-987-0690 or privacy@certn.co.
