

AUTHORISATION

To evaluate your suitability for , (the "**Company**") has asked [InterCheck Global Pty Ltd.](#) (a Certn Company) to assemble and return a consumer report (your "**Report**") consisting of: .

We will collect the following personal information for the purpose of completing the Report: . . We will compare information received from different sources for consistency.

Additionally, by providing this authorisation to us, you consent to the use of your Personal Information to verify the veracity of the information provided using the Document Verification Service ("**DVS**") when it is required. As part of our obligations, we are notably required to ensure and maintain robust information security safeguards, ensure transparency, and obtain proper consent before processing your Personal Information. For more information on our obligations and requirements and how to make a complaint, please visit our [privacy policy](#). You can also find information about the operation and management of the DVS [here](#).

It may be necessary for us to transfer and process Personal Information in multiple jurisdictions, specifically if you have lived, worked or attended school outside of the jurisdiction in which the Company has ordered the Report. Your Personal Information may be processed by our employees and contractors in Canada, Australia, the United States, and the United Kingdom. Regardless of where Personal Information is processed, it will be handled in accordance with applicable laws, and our privacy and security policies.

You can withdraw your consent, dispute the accuracy of a Report, or ask for a correction or copy of your Report at any time by contacting us at apac-privacy@certn.co. Please note that your consent withdrawal may impact our ability to complete and provide the Report. If this Report is requested by a third party, we suggest you contact them to inquire about any potential consequences of such a withdrawal. Further information regarding the collection, use, disclosure, or storage of your Personal Information can be found [here](#).
